Comprehensive Autism Center, Inc.
40485 Murrieta Hot Springs Road, Suite B-4, #146, Murrieta
(951) 813-4034
www.comprehensiveautismcenter.com
The Comprehensive Autism Center, Inc. (CAC), designs Applied Behavior Analysis (ABA) programs which are inclusive and specific to each child. The programs are designed to address each child’s area of need. Skill areas targeted include behavior management, cognitive skills, language/communication skills, play skills, socialization skills, motor skills, and daily living skills. The CAC utilizes the principles of ABA which have been researched and found effective to address the needs of children with autism. The methodologies utilized are Discrete Trial Training (DTT) and Natural Environment Training (NET) which includes Applied Verbal Behavior (AVB).

EMQ FamiliesFirst – Specialty ABA Services
572 N. Arrowhead Ave., Suite 200, San Bernardino, CA 92408
Phone: (909) 266-2703 or 1 (800) 906-0862
http://emqff.org/services/autism/
EMQ FamiliesFirst works closely with families, primary and specialty care physicians, pediatricians, schools and community agencies to provide and coordinate a continuum of high quality services. As an organization embedded within the Wraparound Philosophy, we view the child and family as part of a dynamic system beyond simply individuals with behaviors. The program serves children with ASD and developmental disabilities and their families at home, school, clinic, and community. The agency is nationally recognized for innovative, family-centered programs that help children recover and rebuild their lives. EMQ services include diagnostic evaluation, treatment assessments, applied behavior analysis therapy, early intervention, social skills groups, individual therapy, and family therapy. Our strengths-based, needs-driven program also provides individual, family, and group therapy to help families cope with the new path their lives have taken. All private insurance is accepted.
