## How We Served Our Local Community

### Support & Family Services

These events continue to grow! In 2019, 6,559 individuals attended one of our 194 events. We continue to offer low cost events including our monthly events like Sensory Friendly Films, jump nights, family play nights to groups for teens and adults. We also hold large family fun events like our Waterpark Day and our Holiday Parties!

### Education & Outreach

In 2019, we had over 2,885 people attend one of our 22 educational presentations. In addition, we reached over 18,000 people through our outreach efforts in the community and in the media.

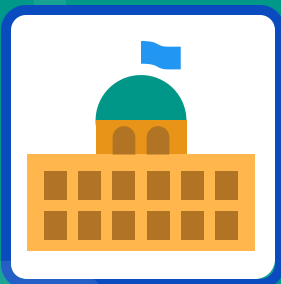

### Information & Referral

Through emails, calls and Facebook, we answered over 2,483 inquiries just on autism services. Additionally, we maintain our web-based Resource Listing of over 700 autism related resources so families and professionals can find needed information 24 hours a day.

### Public Policy

Highlights from 2019 include our efforts this year include advocating to decrease disparity of services, meaningful and safe inclusion in the community, Safety and Disaster Training, System Reform for the Regional Center system, and efforts to improve employment and day program options for adults.

### Community Partners

Thank you to the over 214 volunteers who volunteered over 3,222 hours and the 19 community partners who help fund and work together to make an impact on our local autism community!
